CHLOE X HALLE

Sister duo Chloe X Halle navigated YouTube's pop landscape with a string of jaw-dropping covers the past couple of years revealing their gift for creating keening harmonies and genuine musical moments that showcase their expansive range. It was their soulful rendition of Beyoncé's own "Pretty Hurts" that caught the attention of the mogul's Parkwood Entertainment imprint in 2013.

We Unite & We Care!

At Paradiso we celebrate life. We unite hearts from all over the world. One world, one heart. Because we know the heart is the most powerful energy source in the world, we are able to create the power to make this world a better place. More love more happiness.

We are the People of tomorrow, we believe in a sustainable future. That's why we care for people & planet.

Keep The Holy Grounds Clean!

Every year, Tomorrowland invests a lot of effort in keeping the Holy Grounds clean. This contributes to the total Tomorrowland experience. And you can help. The unique Flowerbins on the festival grounds and the Recycle points on DreamVille will help you to Recycle your waste and materials.
